

# Leon Mutiso K.

- SOFTWARE ENGINEER / CREATIVE DIRECTOR -

## INTRODUCTION

I am a creative problem-solver, outgoing, ready to learn and grow in whatever I do. I have a bachelor's degree in Film Production and Animation but I have worked in companies in different sectors. Most notably, Andela, one of the best tech companies in the USA, as a software engineer (self-taught).

## EXPERIENCE

### Creative and Motion Graphics Executive

Jan 2021 - Aug 2021

#### Scope Markets

In charge of the company brand & Marketing content to ensure all content, design & landing website pages are in line with the company's brand guidelines across all offices (Kenya, South Africa, Vietnam, Nigeria, Belize, Nigeria & Shanghai).

### Independent Consultant

2019 - 2020

Develop Rest APIs and Websites that help handle automation for clients.

**Technical skills:** JavaScript, Node, Express, PostgreSQL, React, Jest, Enzyme, Travis CI, GCP, Docker, Kubernetes.

### Product Coordinator

Jan 2019 - Oct 2019

#### Andela

Led a team comprising of software engineers and designers and together we built:

- A Google Maps integrated Slack application for Andelans to request and manage cab transportation across the different Andela locations - Kenya, Uganda, Rwanda, Nigeria, Egypt, Ghana, and New York.

### (Full Stack Developer) Javascript & Python

Jul 2018 - Oct 2019

#### Andela

Specialised in Python and JavaScript programming languages. Built internal products to help ease processes and management of staff activities.
